About Elizabeth

Elizabeth Sutcliffe is a Catholic speaker whose post-abortion testimony has reached over 10,000 people across Canada and the U.S. With a background in crisis pregnancy support, post-abortion healing, and public advocacy, she brings clarity, compassion, and conviction to every audience.

She served as Client Care Manager at Hope for Women Crisis Pregnancy Centre and now sits on the board of Advokate Life & Education Services—Canada's largest pro-life organization. Elizabeth also holds a Provincial Instructor's Diploma and has professional experience as an employment counselor.

Her story is one of pain transformed into purpose.

"Don't wait until you're healed to speak—your wounds might be the very thing God uses to reach someone else."
